The Dental Clinic Affordable, Private, Dentistry

At The Dental Clinic, you can have complete confidence in the quality of our dental teams. Our dentists, hygienists and dental nurses, supported by our practice managers and receptionists, work together to deliver the highest standards of dentistry and exceptional customer care.

All our dental professionals have undergone a rigorous selection and training process to allow The Dental Clinic to offer you the best level of care. These standards are maintained by continuous education programmes for all our staff.

At The Dental Clinic we can take care of all your dental needs including dental check-ups, tooth whitening, inlays and onlays, fillings, cosmetic bonding, dental implants, veneers, crowns, endodontics and emergency dental appointments.

State-of-the-art Technology

At The Dental Clinic we continually evaluate the latest dental technology to give our patients leading edge treatments backed up by a strong evidence base. During your dental examination we will use cameras to show you your teeth in detailed close up on our flat screen monitors so that you can see what we see. This allows our experienced dentists to make decisions about your dental treatment with confidence.

PATIENT MEMBERSHIP PROGRAMME:

The programme allows you to spread the cost of regular dental check-ups and preventative hygiene treatments and also offers discounts on additional treatments.

AFFORDABLE FINANCE:

The Dental Clinic offer a range of monthly finance options for you to choose from, 10 months interest free credit is available, as well as 24, 36, and 48 months interest bearing (minimum balance of £400, minimum deposit 10% of order value). Our affordable, monthly payment plans mean you can arrange your payments to suit your budget.

The staff in our clinics are happy to discuss your individual requirements with you.

ADVANCED DENTAL TREATMENTS:

At The Dental Clinic we are delighted to offer a comprehensive range of specialist dental services, such as: preventative treatment, tooth whitening, dental implants, oral surgery, children's dentistry, prosthodontics - including crowns and bridges, and invisalign. We also offer 'Solutions for Snoring' which is a proven effective process for diagnosing and treating the causes of snoring.

Our Clinics

The Dental Clinic has a range of convenient high street locations across the UK where you can meet our friendly teams of dental professionals and start the process of enhancing your smile.

They will guide you through the various dental treatment options available to you, give you sound advice and information as well as a comprehensive treatment estimate, detailing the costs of your treatment.

Our UK wide coverage allows you to choose a location that is most convenient for you. Once you have met your dentist you will remain in their care going forward. This will mean that your dentist will really understand your specific dental requirements.
